

Thank you for registering with Weelee.co.za. We strive to get you the best stock in the country.

This handbook must be read and utilized in accordance with the Terms and Conditions and forms part of same.

1. HOW WEELEE.CO.ZA WORKS

- Weelee sources vehicles directly from the general public / man on the street.
- Only private individuals may load vehicles on Weelee – no dealer/trader vehicles permitted.
- Only dealers may bid on vehicles.
- Consumers that wish to sell their cars, register and load their cars (including pictures, description of recon, service history, etc) on weelee.co.za.

2. BIDDING PROCESS

- Dealers bid on the cars. All bids must be based on the full details, pictures and recon described on the vehicle. It is the dealer's responsibility to check the full description of each vehicle.
- Trade/Retail values. Whilst Weelee does provide the bidders with the Trade/Retail values of each vehicle, it is the dealers' responsibility to double check these values before bidding. Weelee is not responsible for incorrect Trade/Retail values and you will be held to that bid amount. Should you pick up an incorrect value due to, for example, pre/post-facelift or incorrect model, please let Weelee know immediately.
- You can place Individual bids or use the Autobid facility.
- We recommend that you use the AUTOBID button. If AUTOBID is used and your bid is exceeded, you will receive an SMS and email notification informing you that the bid has been exceeded. The normal BID button will not send you notifications.
- Bidding runs every weekday between 12pm and 2pm Monday to Friday and on Saturdays from 8am to 11am. Any bidding on Public Holidays shall be notified by Weelee to the Dealer beforehand. If there are still dealers bidding at the end of the time period, each additional bid resets the countdown timer back to 3 minutes.

3. WHAT HAPPENS IF YOU ARE THE HIGHEST BID?

- If you place the highest bid for a particular vehicle, you will receive an email once the auction closes notifying you that the offer has been sent to the seller.
- The Seller has 24 hours to accept your offer.
- If the Seller accepts your offer, a valid and binding agreement comes into effect between you and the Seller and the Seller's contact details will be sent to you.

4. HOW LONG DO YOU HAVE TO CLOSE THE DEAL?

- If the Seller **ACCEPTS** your offer, you must make contact with the Seller immediately after receiving the communication that the offer has been accepted, but in any event, **within 24 hours** of receipt of notification of acceptance.
- If the Seller **DECLINES** your offer, the Weelee support team will contact the buyer and see if they can get a counter offer. If so, Weelee will get in touch with you to see if you can match it.
- **You must go out to the customers to view the vehicle and conclude the sale, unless the Seller specifically advises that s/he would like to meet at your dealership. This must be within 48 Hours.**
- Should you delay in closing the deal, **Weelee reserves the right, in its sole discretion, to offer the vehicle to another dealer.**

5. OFFER AMOUNT / COVER TO BE HELD FOR 5 DAYS

- **By utilizing Weelee.co.za, you must hold your offer for a period of 5 days**, irrespective of whether this overlaps with a month end and the book value changes.
- **This applies to all offers on the website, even if you are not the winning/highest offer.** Weelee requires this to ensure that if the dealer with the highest offer is not available to purchase the vehicle, Weelee will be able to offer it to the lower / "under-bidders".

6. INSPECTION OF THE VEHICLE AND MANDATORY CALL-OUT

- **Dealers are obliged to drive out to the Seller and conclude the transaction at a place and time suitable to the Seller. Failure to drive out to the Seller shall, at Weelee's election, result in the cancellation of the acceptance by the Seller and the vehicle shall be offered to another Dealer of Weelee's choice.**
- All vehicles offered on Weelee.co.za are as described by the relevant Sellers, and are therefore subject to inspection.
- Acceptance of any offer by a Seller creates a valid and binding sale agreement between you and the Seller, subject to the vehicle being described reasonably correctly.
- Again, it is your responsibility to take note of all recon described by the Seller and factor that into your bid price.
- **Dealers are not permitted to change the price of a vehicle if the recon/issue was listed on the profile of the vehicle.**
- You must fill out an **Inspection Form** for each vehicle you view – regardless of whether or not you purchase the vehicle.
- **Note: You must be reasonable when inspecting vehicles. If there is additional minor recon, this should be ignored.**
- If there is a significant difference between the way the vehicle was described on Weelee.co.za and the actual condition on inspection, **you must notify Weelee.co.za whilst you are still with the customer.**

- Once Weelee is aware of the problem, a decision will be made as to whether the dealer can offer a lower amount for the vehicle. Dealers are obliged to offer a lower amount and cannot simply walk away from the deal.
- If the vehicle is not as described, and should you wish to offer a lower amount, all recon (e.g. tyres, spray work, windscreens, etc) to be deducted must be deducted at the **COST price thereof**. No mark-ups are permitted. Weelee reserves the right to check on any recon amounts deducted to ensure that these are correct and reasonable.

7. SALE AGREEMENT AND INSPECTION FORM

- If the vehicle is described reasonably correctly, you must:
 - Purchase the vehicle;
 - Complete a valid sale agreement and inspection form and have it signed by the Seller.
 - **SEND THE COMPLETED INSPECTION FORM BACK TO WEELEE.**
 - pay the customer directly and immediately via EFT / settle any finance / collect vehicle. No cash payments are permitted.
 - handle all transfer / VAT paperwork / dealer stocking. Vehicles must be dealer stocked within 72 hours of concluding the sale.
- If the vehicle is NOT described reasonably correctly, you must:
 - fill out an Inspection Form
 - **SEND THE COMPLETED INSPECTION FORM BACK TO WEELEE.**
 - This is to protect you as the buyer, as well as Weelee, should the Seller ever dispute any recon on the car.

8. CHECKS AND DEALER STOCKING

- Weelee does not perform any checks on the vehicles loaded and is not responsible for any incorrect information provided by sellers, including date of registration of the vehicle.
- **It is the dealer's responsibility to conduct all checks prior to purchasing any vehicle (e.g. HPI, year of registration as per NATIS, active motorplan/warranty, etc).**

- You are obliged to dealer stock each vehicle within 72 hours and pay for any fines incurred by you after collect of the vehicle.

- **Should a customer have more than one vehicle, and you purchaser another vehicle from that customer, the Weelee fee is still payable on the additional vehicle(s) and you are obliged to notify Weelee of the transaction(s).**
